

Music Selection

One of the most commonly asked questions is based on our music policy for weddings. Every single wedding that we dj at, we ensure that we have done our homework and preparation on the musical tastes of the bride and groom from the 1st dance to the finale. The days of the dj showing up at a wedding without any preparation and playing a "typical" wedding set are largely numbered. Many couples are terrified at the thoughts of hearing YMCA, The Birdie Song or Rock the Boat at their wedding. For others, these songs are a must play. Our aim is to have the couple actively involved in the music selection process, thereby ensuring the music is tailored to their requirements. This is offered through our on-line music library where the couple can choose the music for their wedding. This will typically happen one month before the big day. We suggest couples provide us with both a "play list" and a "do not play list". We are there to offer advice on whether your play list is suitable for your guests.

Background

Digital DJs are based in Maynooth, County Kildare. The company was set up in 2003 and quickly established itself as one of the leading wedding dj companies in the country. We are a full time dj company offering a professional nationwide wedding dj service covering all 32 Counties. We have personally handpicked what we believe are some of the most professional and experienced wedding djs in Ireland to join our team.

Our promise to you is the provision of the professional service and approach you require, from the initial enquiry, through the booking process and until the event has been completed ... and of course, a great nights' entertainment.

Dj Equipment

At Digital Djs we pride ourselves in having the latest state of the art equipment and technology. The type and amount of equipment our djs will provide will vary depending on the size of the room and the number expected to attend. The following is an example of the equipment our djs can provide:

- 2 x 12" / 15" full range speakers with stands
- 2 x 15" / 18" subwoofers
- Professional CD players and audio mixer
- Professional amplification to suit room size
- Up to 8 lighting effects
- Cordless microphone

We only use professional audio brands including Das, Crown, Musicson, Dynacord, Denon and Pioneer.

Wedding Testimonials

"I would definitely book Digital DJs again! The selection of music is so extensive. We were both really impressed and received every song on a spreadsheet so we could pick out what we wanted ages before the day of the wedding! The music played was to everyone's taste, which is sometimes hard to do at a wedding since it has such a mixed crowd of young and old. The perfect end to a perfect day."

Jenny Lambert - Wedding 16th July 2004
Liffey Valley House Hotel, Leixlip

"Just wanted to thank you again for helping to make our wedding day so enjoyable. The music was excellent. I appreciate the way in which you consulted with me on everything. We particularly enjoyed the finale. It really got everyone going. A lot of our guests commented on the excellent music. I will recommend your services in the future."

Rita Sexton - Wedding 29th June 2006
Leixlip House Hotel, Leixlip

"We got married in Cashel, Ireland this past May and Noel djed for us. he was absolutely amazing. He had the crowd dancing as soon as we opened up the dance floor and he played the best music ever! - everything from Black Eyes Peas to Miles Davis! The crowd at our wedding was comprised of people from New York, London and Cashel - an international crowd indeed - and Noel did such a fantastic job of mixing up the music to keep everyone on their feet all night long. Thank you so much - you truly helped make our day very special and we are so glad we went with you."

Eamonn Bulfin - Wedding 6th May 2006
Cashel Palace Hotel, Tipperary

"Throughout our booking Digital DJs were very professional and we found your company to be very organised. Found your website to be a great help, especially the play list. The dj on the night was great, he made a point of meeting me prior to the band to see if I had any further requests."

Patricia Mulligan - Wedding 2nd May 2004
Radisson Hotel, Galway
